

PCCSA Shareholder Contract

2012-13 Academic Year

Know Your Food!

Mission: As a community, we aim to support local farms, orchards, ranches, and dairies through a producer-consumer organization called Community Supported Agriculture (CSA). Through this project, we seek to build enduring and reciprocal partnerships that will nourish us with great tasting, regionally produced food while contributing to the success of every farmer who becomes involved. Our vision is to create an alternative to long distance food distribution and, in doing so, form new relationships with our food sources that reflect our responsibility to the planet and each other.
