## A Message from Sturgis

In my experience, Prescott College graduates sometimes have trouble with change. It's odd when you think of the waves of change that have washed across the campus over the past 50 years, some inarguably good - wilderness orientation, the social justice curriculum, student-centered learning - others not so much. ## Your Life Arizona and Prescott College

In honor of the 50th anniversary of our historical wilderness orientation, alumnae, Kristine Preziosi, Julie Munro, and Cecil Goodman appeared on a segment of Your Life Arizona, a lifestyle show of 3TV, on Friday, May 11. President Flicker commented on their appearance by stating, "You three showed amazing poise, grace, clarity and authenticity. Very professionally done. You made us all proud."

Wading birds are arriving on Isla Alcatraz! A variety of wading bird species have historically used the island as a nesting site. So far this season, the Waterbird Monitoring Program has observed Great Blue Heron (*Ardea herodias*), Black-crowned Night Heron (*Nycticorax nycticorax*), Tricolored Heron (*Egretta tricolor*), Snowy Egret (*Egretta thula*), Reddish Egret (*Egretta rufescens*), and White Ibis (*Eudocimus albus*) in the process of establishing territories and displaying breeding behavior on the island's halophytic vegetation flat.
