

Dear reader,

Graduation was an emotional experience. Comments about the impact, hopes, dreams, and gratitude were heard throughout the day. Welcome to our new alumni. You have stepped into a tremendous community of impact-makers and people there to help you.

I have been asked a couple of times about reunions this summer. We are not formally planning any until our 60th in 2026, yet I hear that there may be some informal ones taking place. I am happy to help facilitate bringing those to campus and getting the word out. So, if you are planning something, please reach out. We love to bring alumni to campus.

Lastly, a huge thank you to those who helped us meet the matching challenge spearheaded by Tom Barry.

I am beyond grateful to each of you!

Happy Trails,

Jane Ratzlaff and The Advancement and Alumni Relations Team

Giving Back Wisely

One Prescott College supporter, Betsy Bolding, stated why she started her legacy: "Prescott College is among the handful of organizations in my will because it embodies a number of my 'loves' over the years: Liberal Arts education, concerns about the future of our planet, and social justice."

Through creativity, empathy, adventurous hands-on experiences, and smart giving, let's forge a passionate community of changemakers determined to face our evolving world head-on.

Create my free will and legacy

The resource above makes it simple and cost-free to create a will and include Prescott College in your plans. As we celebrate our graduates this spring, grow your impact to ensure even more students can unlock their potential.

Cycling at Prescott College

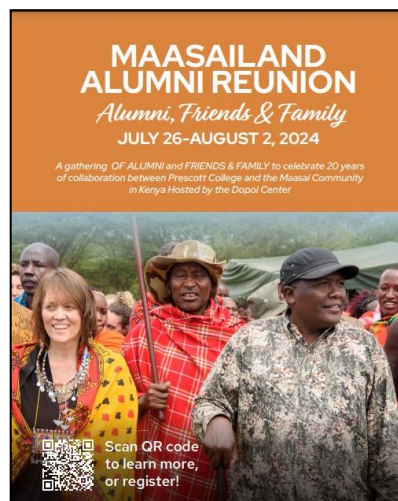

We are super excited to share a project in which we seek donations to launch a cycling club. This great activity will be a great way to attract additional students and embody the active spirit of our College!

Prescott College would be in the [Southwest Cycling Conference](#), allowing incoming students to participate in nationally sanctioned collegiate events through the [USA Cycling](#) organization.

Our goal is to raise \$30,000 toward a coach, equipment, and uniforms to kick off this program. For more information, contact [Jane Ratzlaff](#).

Multiple Trip Opportunities for 2024

There are a couple of spots left, so act now. This rafting trip is this month. Scan the QR Code or click on the image to [register now](#).

This is an excellent group; click [here](#) to participate virtually.

Faculty & Staff News

(includes full-time faculty and staff members, former members, adjunct faculty members, and instructor news)

Prescott College Emeritus Faculty Member Tom Fleischner

Tom Fleischner, Faculty Emeritus and Director Emeritus of the Natural History Institute, has been actively involved in writing and public speaking for the past few years. He has worked with several colleagues, including emeritus faculty Lisa Floyd-Hanna and David Hanna, to highlight the ecological uniqueness and importance of the Mogollon Highlands Ecoregion. Two papers have come out recently: "[An Ecoregional Conservation Assessment for Forests and Woodlands of the Mogollon Highlands Ecoregion, Northcentral Arizona and Southwestern New Mexico, USA](#)," (DellaSala et al. 2023, *Land* 12(12)) and "[The Mogollon Highlands Ecoregion of the American Southwest: A Neglected Center of Ecological Diversity](#)," (Fleischner et al. 2024, *Natural Areas Journal* 44(2): 104-119). Tom also has a chapter, "Revealing and Reveling in the Story of Nature," in the new book (published in honor of biologist Harry Greene), *Heart of the Wild: Essays on Nature, Ecology, and the Human Future*, edited by Ben Minteer and Jonathan Losos, coming out this summer from Princeton University Press. Tom has also given several talks: "Natural History as a Practice of Conservation and Connection" to a training school in Chilika, India, hosted by the IUCN Species Survival Commission (Freshwater Conservation Committee), Future for Nature Academy, and The Fishing Cat Project; "Why Natural History Matters" at the NAU School of Earth and Sustainability; "Natural History, Reciprocal Healing and a Sense of Kinship" at the Natural History Institute; and "Natural History, Loving the World, and Achieving Sustainability" as part of a panel discussion, "Knowing and Protecting Life on Earth Begins With Natural History and Science Innovation" at the United Nations Science Summit. So many amazing happenings. Thank you for sharing with our community, Tom!

Prescott College M.S. in Counseling Faculty Member Audrey Milburn, PsyD, LMFT

Prescott College M.S. in Counseling faculty member Audrey Milburn, PsyD, LMFT, provided insightful advice for an article in Parents, "Best Miscarriage Gifts for a Loved One After Their Pregnancy Loss." Dr. Millburn's areas of experience and research are depression, anxiety, acculturation issues, burnout, grief and loss, traumatic brain injury, fertility issues, early childhood, attachment and family of origin issues, relationship issues, emotional regulation, and adjustment difficulties. Alumni and Prescott College Events

Past Events:

Arbor Day Event: Another wonderful Arbor Day celebration (2024) at Prescott College campus where students and a lot of community members, joined by some faculty and staff, helped to restore the approximately 1/4 mile of Butte Creek that runs through the center of campus. Organized by Prescott College's Butte Creek Restoration Council, Tree Campus USA, the Sustainability Council, and Facilities Management (supported by a generous private donation), we put words into action by planting 30 native riparian plants (e.g., Fremont Cottonwood, Gambel's Oak, Arizona Wood Rose, Arizona Velvet Ash, Netleaf Hackberry, Current and Sumac). We also removed approximately 250 invasive Siberian Elm. Read more about how this event went and find more information about the Butte Creek Restoration Council riparian restoration project [here](#).

First Inaugural Art Show of the Cicada Gallery: Thank you to everyone who attended the Cicada Gallery's First Inaugural Art Show and the fantastic artists Jan Marshall, Walt Anderson, Roger Asay / Rebecca Davis, and Tony Brown, who shared their art with our community!

16th Annual Sustainability Education Ph.D. Symposium: Thank you to all the incredible scholars, faculty, staff, and friends who made this event possible. Also, thank you to all who attended and got to experience Prescott College in person. Congratulations to those who graduated the following weekend. It is always a pleasure to have this time for all of us to come together and share what you've all been tirelessly working on.

Graduation: Our 2024 Graduates celebrated their successes with friends and family at an outdoor ceremony on campus this past May 11, 2024. Congratulations to everyone who graduated; we are so excited to have you as a part of our alumni community now and hope to continue sharing the amazing happenings you all venture onto. Thank you to Prescott College alum Kathy Cronkite for being our guest speaker at this year's ceremony and sharing wisdom and positivity with our grads.
